

New IIZUKA Website Launched

IIZUKA Software Technologies launches its new website. Amongst the many improvements are:

- 1** Coordination of the information around key market areas for easy access
- 2** Consolidation of technical aspects into a dedicated section
- 3** Inclusion of feedback from IIZUKA customers
- 4** Addition of IIZUKA news archive

IIZUKA has also improved the design of the site with a new homepage and a fresher look and feel.

The website is managed and published using IIZUKA's own KOZO Technology.

IIZUKA hopes that everyone finds the site informative and easy to use.
